

DB PRODUCTIONS

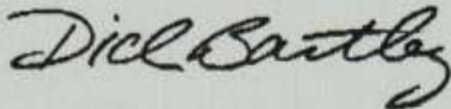

To whom it may concern:

I have been acquainted with J. Gary Ratcliff's broadcasting career since 1982 when his radio station in Waynesboro, Virginia became one of the first affiliates of my then brand new network radio show, "Solid Gold Saturday Night."

In numerous discussions over the years since then Gary has demonstrated the enthusiasm, dedication, innovative thinking, and aggressiveness that have distinguished his career thus far and will assure his success in any future endeavors.

Please feel free to contact me for further information or additional comments.

Sincerely,

Dick Bartley
